

Union Electric Steel Corporation, Since 1923
Production Planner/Scheduler
Carnegie, PA

Union Electric Steel Corporation is looking for a dynamic Production Planner/Scheduler to join our team in Carnegie, Pennsylvania.

The Production Planner/Scheduler will work with the Manager Production Planning to create the production schedules in compliance with manufacturing capacities and customer demands.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Oversees the scheduling of melting, forging and machining production to assure timely delivery of product to the finishing plants.
- Collaborates with manufacturing personnel and the Manager of Production Planning to develop an efficient Melt/Forge schedule to meet the current business objectives.
- Oversees the scheduling and outsourcing requirements for Ingot Forged product (IFP) to ensure on time delivery to the customer while not exceeding plant manufacturing constraints.
- Coordinates the creation and maintenance of production tracking data in Oracle.
- Participates in weekly plant production meetings, documents discussions on operating constraints, WIP positions, and the impact on meeting production goals.
- Schedules all non-standard production as required.
- Performs production planning data entry into Oracle as required.
- Dispositions incoming purchased scrap rolls to optimize value within the manufacturing process.
- Responsible for necessary communication and prioritization to ensure the timely movement of product through manufacturing operations to meet customer requirements.

In addition the successful candidate will have a BS/BA Degree coupled with 1-3 years of direct experience in planning/scheduling in a unionized manufacturing environment.

If you have the requirements we seek please send your resume along with cover letter starting salary range requirements. Only those responses with the required information will be considered.
